Kaiser's Ambassador Informs Secretary Lansing in Writing That Undersea Boats Will Sink No More Liners Without Warning.

TENSION IS RELAXED BY GERMAN'S ACTION

Germany to Send Formal Note of Disavowal and Offering Reparation for American Lives Lost—Outcome Is Hailed as Great Victory for American Diplomacy.

Washington, September 1.—Strained relations between the United States and Germany over the submarine warfare apparently passed into history today after Count von Bernstorff, the German ambassador in Washington, informed Secretary Lansing in writing that prior to the sinking of the Arabic his government had decided that its submarines should sink no more liners without warning.

Oral assurances to this effect had been given by the ambassador last week. But it was not until Count von Bernstorff, after a call at the state department today, returned to the embassy and sent a formal note to Secretary Lansing, that the German government's position was made clear.

The note, which was received by the state department today, was a formal statement that the letter "appears to be a recognition of the fundamental principle for which we have contended."

He immediately sent the communication to the white house, and discussed it in the cabinet with the other members of the cabinet. Secretary Lansing, who had been in the administration circles there, was a visible relaxation of the tension which had existed ever since the Lusitania tragedy, though lessened by earlier assurances.

The next step, it is stated, will be a formal communication from the German government disavowing the destruction of the Arabic and tendering reparations for the lives lost in the disaster.

Count von Bernstorff's letter, which revealed for the first time that Germany had proposed to the United States to stop the submarine warfare, was a formal statement that the letter "appears to be a recognition of the fundamental principle for which we have contended."

In Solomon Role, Recorder Advises Couple to Divorce

Remarkable Story of Double Case of Bigamy, and of Coming of Baby After Wife's Second Marriage.

When a little brown-haired, brown-eyed woman stood before Recorder Jones yesterday afternoon, with a golden-haired, blue-eyed babe at her breast, just after court adjourned, she was there to make one of the most remarkable and affecting appeals ever made before a judge.

Down stairs, occupying a prison cell, was a man who had been her husband, and who was still her husband in the eyes of the law, while the babe at her breast was the child of her second husband, whom she had married in good faith, but who was under the law not wedded to her.

The woman had appeared before the recorder, not knowing where else to go, to ask what she must do to protect her babe, that she was married to a man who was not her husband, and who was under the law not wedded to her.

APRIL 1915 OFFERS SUPPORT OF STATE

Central High School Will Be Dealt Hard Blow if He Succeeds, Say Educational Leaders.

PLAN WILL BE FOUGHT AT MEETING OF COUNCIL

Council's School Committee Votes to Abolish Office, But Will Consider Matter Again Friday.

After losing his fight to defeat the proposed University high school for Atlanta in the board of education, Alderman Jesse W. Armistead Wednesday afternoon appeared before the school committee, of which he is chairman, and secured from that body a resolution recommending that the office of principal of high schools be abolished and that no appropriation be made for that office.

In electing Professor W. D. Dykes, formerly principal of the Boys' high school, to the position of principal of the four high schools, the board of education considered that an important step had been taken toward the consolidation of the high schools into one big central University high school.

Fortress of Lutsk Taken by Austrians

Capture of This Minor Fort Likely to Compel Russians to Abandon Part of Galicia They Still Hold—Losses on Both Sides Enormous.

London, September 1.—The minor fortress of Lutsk, which, with those of Dubno and Horon, forms a fortified triangle on Russian territory north of the Galician frontier, was captured by the Austrians today, according to Vienna dispatches. The capture of this minor fort is likely to compel the Russians to abandon part of Galicia they still hold, and losses on both sides are enormous.

Malaria a Blood Trouble S. S. S. Conquers It!

S. S. S. Has Been the Standard Malaria Remedy for 50 Years. Relieves Malaria by Cleansing the Blood

Malaria does impoverish the blood, thereby weakening the entire system. Once the Malarial germ gets into the blood it multiplies, saturating the blood with its poison. The result is a general weakness, a loss of energy. You are a constant prey to headaches, worn-out, tired feeling. The complexion becomes sallow; the tongue coated. In order to get relief you must administer an antidote directly to the poison, and a tonic—blood purifying and to build up the wasted system. **S. S. S.** is the one thoroughly reliable blood tonic that will destroy the Malarial germs, and enrich the blood. This building up and blood cleansing process go hand in hand. The blood is purified, and the body is built up. The result is a new coat of armor, and the body is invulnerable to the Malarial germ. The germ is no longer a trouble. It destroys the germs and poison, revitalizes and restores the red blood corpuscles. In a short time you feel the delightful sensation of relief from ague, headache, chills and fever. You soon feel the full sense of vigor and health with perfect health. There is nothing as good as **S. S. S.** for your druggist.

FROM HER TEAM

Auburn, Ala., September 1.—(Special.) Though it is ten days yet before regular practice begins, still the autumnal "pigs" in the air has set the minds of everyone "piggskwards." In looking over Auburn's prospects the outstanding fact is the number of abbees. Auburn loses what would be reparable very much the all-southern lot of many scribes.

Among the following:

The first year men will be eligible for a good many of the games, but past experience has shown very few, if any, capable of filling a regular position in the first year. The dependence, as usual, will be placed on the scrubs, sophomores and class men.

To fill the ends positions the most

ing are Pete Bonner, Burns and Bonner. Bonner and Burns are brothers and the former football stars and are promising players and can be played on offense or tackle and will be used where he is most needed.

"Gabe" Taylor will be the only regular left in the line if Steed is used. He will be better than ever and will be of invaluable aid to the line. He will very likely be used as a line backer. For center, Robinson is the leading candidate and is the likeliest center. Auburn has

In a decade, but is also the most aggressive. He is about ready to step "Boozie" Pitts' shoes. He has saved and nursed for the past two years. Sammie is another player that has been caught under the cover of the formal line, and is not ready to step into the front line of life. He is an aggressive player that jumps every minute. For the other players there are Fricke, Campbell, Zeke Bonner and some other key class men who have yet to show.

position will be well taken care of, despite the severe losses the back-appears to be in better shape the line. There will be left Hilde, Preston and Prendercast. POLICEMEN WILL HELP PREPARE DAMAGE SUITS

If Officers' Ordinance Passes, Rentfree Will Help Keep Streets Repaired.

Conciliator J. N. Renfro, chairman of the street committee, announced Wednesday that he is preparing an ordinance to be introduced in council next week, which he believes will mean a saving of thousands of dollars annually to the city.

The ordinance proposes to co-ordinate in a measure the police and city-construction departments in that each patrolman will be required to make a daily inspection of the condition of the streets and sidewalks on his beat, and report to the construction department any holes or necessary repairs.

There will also be a provision in the ordinance creating a special fund for the construction department to respond whenever called upon by the police department to repair a street.

One of the biggest drains on the city treasury is that brought on by the result of the damage claims which the contractors and the law department are yearly considering. It is stated that the majority of these claims should be eliminated if the streets and sidewalks were kept in repair.

Mr. Renfro proposes to ask the police commission to suspend for a fixed period any man who fails to make the proper report of the condition of the repair gang who fail to make the need of repair will be diminished.

DOCTOR AND GIRL SHOT WHILE IN AUTO

Dr. Mohr Dead, But Miss Burger Will Recover—Ambush Is Alleged.

Providence, R. I., September 1.—Dr. C. Franklin Mohr, who was with his secretary, Miss Emily G. Burger, who was wounded last night on an auto ride, were shot by an ambush according to a statement by the police tonight.

The statement was based on an alleged report told them by George W. Hicks, the physician's negro chauffeur, who is said to have put responsibility for the plot on a discharged employee of Dr. Mohr. This man, whose name was said to have been arranged with him to stop the automobile at a place and share in the proceeds of a robbery which the other claimed would be the object of the ambush.

Hicks is said to have insisted tonight that he actually saw no one when the auto was shot.

Miss Burger today said she and Dr. Mohr were on the way to Newport and their automobile stopped in Burlington while the chauffeur was repairing the engine. She said she remained in the trolley. She said she saw another car approaching from the rear and as it came alongside several shots were fired. She was wounded in the head and shoulder. Her father could give no explanation for the assault.

Dr. Mohr was a graduate of Johns Hopkins university, and was married twelve years ago, but his wife had died in 1910. He was a resident of the city and was employed by Dr. Mohr as an attorney. The chauffeur's alleged statement, the police tonight denied.

The story of Hicks, as outlined tonight, was that at Brown's, where Dr. Mohr was believed to carry \$250 or \$300 to his Newport home. Last night, when the physician's automobile reached the hotel, Hicks was waiting for him and stopped the car, saying there was trouble with the engine. Dr. Mohr was crouched on the ground working on the engine at a side of the car, when the shots were fired, according to his alleged statement. The chauffeur's report of the automobile, he said, frustrated all the shots on the doctor.

Hicks is expected to recover, told the police tonight. Hicks could not give any of the four shots which found their mark.

ROAD BOOSTERS MEET
AT WAYCROSS TODAY

Waycross, Ga., September 1.—(Special.)—A crowd of road boosters are expected to attend here tomorrow the meeting that will be held in the interest of the "short cut" route of the Dixie highway from Macon to Jacksonville. The local entertainment committee has made all preparations to entertain the visitors a day, including a sumptuous barbecue, at which the guests will be served. There will be a parade of automobiles and in many cases accompanied by bands are expected from all towns on the route.

SUPPOSED FATHER FAILS
TO IDENTIFY BOY AS SON

Port Worth, Texas, September 1.—After coming from Quebec, Quebec, in a party to identify "Roy Carroll" the mystery boy being held here in custody of the district court, Peter supposed father of the boy, admitted today that he could not identify him.

Peter Carroll came here from Canada ten days ago and asserted that the boy was his son who disappeared four years ago. Until reading of the case by the boy who had repudiated E. S. Carroll, who claimed he was his son, the police believed their son drowned in the St. Lawrence river.

WILSON IS PLANNING FOR NATIONAL DEFENSE

Will Urge Economy in Certain Lines to Leave Money for "Preparedness" Program.

Washington, September 1.—President Wilson. It was said authoritatively tonight, however, that the president was more free in the development of the national defense plans now than the danger of serious trouble with Germany apparently is removed. There will be no suspension now, he believes, that the plans are directed at any one nation.

The president's idea, it was said, is to prepare a program for several years in advance. Expenditures are to be kept as low as the president thinks consistent with the plan he presented to him by Secretary Garrison and Daniels.

Economy in appropriations for rivers and army posts, navy yards, lighthouses and public buildings will be urged. Expenditures are to be kept as low as the president thinks consistent with the plan he presented to him by Secretary Garrison and Daniels.

Chairman Tillman, of the senate naval affairs committee, discussed naval defense today with the president. Later, he said he favored a reasonable increase in the navy and would support the president's recommendations.

Senator Tillman said he had not decided whether the navy appropriation bill he was drafting should include the president's recommendations. He was willing to trust the president's judgment in the matter.

Senator Tillman said he would not believe the amount to be included in the bill would be too large. He said he would support the president's recommendations.

It was stated authoritatively by administration officials tonight that there is no basis for reports that the president has decided to recommend a large increase in the navy.

BIG CROWD STARTLED BY THE BACKFIRING OF AN AUTOMOBILE

His receding "cracker" like pistol shots, on Edgewood avenue near Five Points, last night created a sensation for a few minutes and attracted hundreds of people who thought that some murderer was escaping from a policeman.

At the Hurt building, though, the force of the crowd was dissipated. The crowd, who, with his wife and a party of friends, was motoring up Edgewood avenue, were startled when City Detectives Bass Rosser and C. Cochran were in the van of the crowd and were stopped by Mr. Adair, who assured them that the "shots" were nothing but the "back fire" of an auto which was speeding out Edgewood avenue.

Strange Disappearance
And Highway Robbery
Reported to the Police

A highway robbery at the intersection of Greenwood and the belt line railway and the strange disappearance of a companion were reported to the police last night by Mr. Adair.

Young told the investigating police that he and a young companion, Ernest Adair, were returning home when three young men suddenly approached them from the rear.

He said the three men, who he said were in the van of the crowd, were stopped by Mr. Adair, who assured them that the "shots" were nothing but the "back fire" of an auto which was speeding out Edgewood avenue.

SAM SMALL TO SPEAK THREE TIMES SUNDAY

Rev. Sam Small, of Washington, D. C., will speak three times on Sunday. At 10 o'clock at Wesley Memorial church he will deliver his famous "chautauque" sermon. At 3 o'clock at the First Christian church, there will be two addresses, one by Tom H. Miller, who will speak on the "Evolution of the Prohibition Cause in Georgia," and the other by Mr. Small, who will speak on the subject "What We Are Going to Do to It in Georgia." This meeting will be for the purpose of raising money for the "Evolution of the Prohibition Cause in Georgia." At 7:30 o'clock at the Baptist Tabernacle Mr. Small will speak again. Sunday night he will be introduced by Tom H. Miller, who will speak on the subject "Evolution of the Prohibition Cause in Georgia." The pastor, Rev. Dr. J. L. White, will conduct the service. Mr. Small speaks this week at the subject "What We Are Going to Do to It in Georgia." He will speak at the Baptist Tabernacle, Columbus and other places in this state.
